

# Eric W. Robbins

erobbins.md@protonmail.com | 339-203-8046 | 227 S Durham Street, Baltimore, MD 21231

## Postgraduate Training

---

2023 – PRESENT	<b>Fellowship: Pulmonary and Critical Care Medicine</b> <i>University of Maryland Medical Center &amp; NIH / NHLBI</i>
2020 – 2023	<b>Residency: Internal Medicine</b> <i>Rhode Island Hospital / Brown University</i>

## Education

---

2016 – 2020	<b>Doctor of Medicine (M.D.)</b> <i>Tufts University School of Medicine</i>
2006 – 2010	<b>Bachelor of Arts (B.A.)</b> <i>Pomona College</i>

## Work Experience

---

6/2017 – 9/2017	<b>Medical Editor</b> <i>Journal of Medical Insight</i> <ul style="list-style-type: none"><li>Directed the editorial department strategy for a peer-reviewed surgical video journal</li><li>Wrote abstracts for pre-print articles and evaluated medical accuracy of animations</li></ul>
9/2013 – 8/2016	<b>Copyeditor</b> <i>Cell Press, RELX Group</i> <ul style="list-style-type: none"><li>Copyedited manuscripts for <i>Molecular Cell</i>, <i>Cell Metabolism</i>, <i>Cell Host &amp; Microbe</i>, and <i>Neuron</i></li><li>Managed troubleshooting, technical design, and strategic initiatives for launch of new website</li></ul>
6/2011 – 9/2013	<b>Editorial Assistant</b> <i>Cell Press, RELX Group</i> <ul style="list-style-type: none"><li>Ferried submitted manuscripts through all stages of the review, rebuttal, and re-review processes</li></ul>

## Research

---

- [3] E. W. Robbins, “Racial and ethnic differences in bystander CPR for witnessed cardiac arrest,” Morning Report for Brown University Internal Medicine Program, Providence, RI, Dec. 11, 2022.
- [4] E. W. Robbins, G. Allam, and K. Manzoor, “Progressive weakness in a patient with respiratory failure: Finding the uncommon,” South Shore Health Research Symposium, Weymouth, MA, Jan. 2020.
- [5] E. W. Robbins and M. Thanikachalam, “Relative contributions of insulin resistance and beta cell dysfunction to the development of type 2 diabetes in the PURSE-HIS cohort,” Tufts University School of Medicine Summer Research Fair, Boston, MA, Jan. 2018.

## Submitted Research

E. W. Robbins, K. Bradley, D. Badesch, *et al.* “Medication Non-Adherence in Participants with Pulmonary Arterial Hypertension: The Pulmonary Hypertension Association Registry (PHAR),” Under revision at *Annals of the American Thoracic Society*

## Ongoing Research Projects

Co-Investigator on a Meta-analysis on the Global Prevalence and Burden of Pulmonary Hypertension across Ten Global Regions

## Board Certifications

---

2023 – 2033 | American Board of Internal Medicine

## Society Memberships

---

*Honos Civicus*, Tufts University  
American Thoracic Society  
American College of Chest Physicians  
Society of Critical Care Medicine  
Massachusetts Medical Society

## Committees and Other Appointments

---

12/2021 – PRESENT	<b>Affiliate</b> <i>medRxiv</i> <ul style="list-style-type: none"><li>Screened submitted manuscripts for appropriateness, scope, and medical feasibility</li></ul>
5/2019 – 5/2020 5/2017 – 5/2018	<b>Student Representative, Committee on Publications</b> <i>Massachusetts Medical Society</i> <ul style="list-style-type: none"><li>Weighed in on new initiatives, product development, and business strategies relating to the <i>New England Journal of Medicine</i> during quarterly meetings</li></ul>
7/2014 – 6/2015	<b>Managing Editor</b> <i>Harvard Medical Student Review (HMSR)</i> <ul style="list-style-type: none"><li>Selected to serve on the Executive Board, playing a decision-maker role in the vetting of submissions</li><li>Designed from scratch the peer review and publication production process</li><li>Oversaw the readying of submissions for publication, directly managing reviewers</li></ul>

## Awards & Fellowships

---

12/2018	<b>Lahey Top Gun</b> <i>Lahey Hospital &amp; Medical Center</i> <ul style="list-style-type: none"><li>Achieved the top simulation score on my core surgery clerkship</li></ul>
6/2017	<b>David F. Noonan Fellowship</b> <i>Tufts University School of Medicine</i> <ul style="list-style-type: none"><li>Awarded to fund summer research on relationship between beta-cell function and insulin resistance in diabetes development</li></ul>
